

# GREEN VIEW: BATTLEFIELD

**NOVEMBER 23**

**BATTLEFIELD DESERVES BETTER**

**SHREWSBURY GREEN PARTY**

## **WE NEED MORE BUSES, MORE OFTEN** **BUSES SHOULD RUN ON SUNDAYS AND EVENINGS**

**Shrewsbury deserves a better bus station**

The £2 single fare will continue for another year – a small piece of good news. But that’s not much help if your bus doesn’t turn up or there isn’t a bus when you need it! **Green councillors are working hard to highlight the need for a good bus service** (including evenings and Sundays) and a modern bus station. The latest Riverside redevelopment proposal for the town centre doesn’t include a modernised bus station. The Tory cabinet is considering replacing the station with a ‘kerbside bus interchange along Raven Meadows. Scan the QR code for the proposal details.

“The current bus station site has easy access to the railway station and the Darwin Shopping Centre, and is the ideal location. Suggestions to put a range of bus stops around the railway station instead of a bus station fail to show commitment to excellent public transport for the future. ”

**Councillor Julian Dean**, in a council meeting

## **TRAFFIC WILL ONLY GET WORSE WITH NWRR** **THERE IS NO PLAN FOR MANAGING THE ADDITIONAL TRAFFIC**

Battlefield Link Road flooded again, as it often does, and the **A53 at Battlefield Island was blocked** by an overturned lorry. These events are already frequent, and traffic will increase if the North West Relief Road (NWRR) gets built. The Conservatives on Shropshire Council are pushing it through **with no plan for the extra traffic on Battlefield Road, the link road and the A49**. We strongly oppose the NWRR which will not solve our traffic problems and threatens Shrewsbury’s drinking water supplies. We need local solutions, starting with a pedestrian crossing on Battlefield Road.

# BERWICK GRANGE POND

We know that residents really value their local green spaces and want to help look after them. We recently visited the **pond at Berwick Grange** where water levels have been dropping.

We're looking into why this and other local ponds are losing water. Let us know if you can help or can tell us about your own local pond.

Concerns over Berwick Grange pond level dropping

## INTERESTED IN JOINING A STREET ALLOTMENT?

There are many unused parcels of public land where flowers or vegetables could be grown, and larger ones which could be suitable for trees. Other parts of the town have "street allotments", scan the QR code to find out more.

We're planning to start something similar with a local group. **Get in touch if you'd like to see this happen or be involved!**

## LITTER PICK

On **Sunday 3<sup>rd</sup> of December** we'll be out litter picking from **10.00 - 11.30**. If you'd like to come along, we're **meeting at the Tesco sheep**. All kit provided but bring thick gloves. Children will need to be supervised as we will be on the roadside verges. Contact no. 07964 895232

## CAN WE HELP? OR WOULD YOU LIKE TO GET INVOLVED?
